

## Track Regulatory Investigations & Developments Worldwide

Today's regulatory environment is increasingly active and interconnected across regions. Keeping your finger on the pulse is therefore crucial to confidently navigate the fast-changing regulatory environment and understand how those actions impact industry. Our global team of investigative journalists provides exclusive, forward-looking insight and analysis that explains how businesses will be impacted by regulatory risk—often ahead of other news outlets.

Our coverage includes reports on investigations, policy and enforcement trends, court hearings, interviews with regulators, as well as access to official source documents. We go deep into the issues so you have the inside scoop into what's coming, and can be prepared to respond to changes and enforcements from other jurisdictions. In addition to staying informed with MLex customized news alerts, you can quickly perform deep or historical research using our advanced search capabilities and portfolios, which provide timelines and related documents for a specific case, investigation or new regulation.

### Understand how trends in rulemaking, enforcement and litigation may impact your work.

Our expert journalists forensically track activities of governments, agencies and courts to keep you informed of legislative developments and enforcement actions across the globe.

### Stay informed of new developments ahead of mainstream media.

Our long-standing relationships with regulatory communities across the globe allow us to keep you informed quickly, and with all the granular details you need to know.

### Ensure you have all the details, from an unbiased and authoritative source.

The MLex editorial process has the highest standards of sourcing and accuracy, and our unbiased and forensic reporting means you can count on the information for decision-making.

# MLex specializes in identifying and analyzing regulatory risk in the following areas of expertise

## Antitrust

As a leader in antitrust news across the globe, our experts deliver exclusive, forward-looking scoops on cartels, probes into restrictive practices, policy changes and related litigation. Our deep coverage provides behind-the-scenes information you can't get anywhere else.

## Data Privacy & Security

Ensure you are prepared to navigate constantly evolving data privacy and security laws and regulations across the globe. We've followed the GDPR and the CCPA from proposal through enforcement and are closely following similar laws around the world.

## Energy & Climate Change

Track major European energy and environmental policy developments, including major energy debates and negotiations, regulation of the power industry, security of energy supply, climate change, alternative energy, consumer needs and technical innovation.

## Financial Crime

In addition to comprehensive coverage of anti-bribery and corruption laws, probes, and litigation, MLex closely follows and reports on financial crime within the banking industry, including anti-money laundering, insider trading, fraud, and market manipulation.

## Financial Services

Our EU and U.S. experts report on the regulatory bodies that set global standards as well as regional rulemaking, implementation, and enforcement in the areas of derivatives, trading and securities, investment and retail banking, asset management, payment services and credit-rating agencies.

## Mergers & Acquisitions

Be the first to know of merger developments and receive unique insight from MLex M&A experts on the review process, procedural steps and court litigation resulting from approved or blocked deals.

## State Aid

Understand aid schemes that are compliant with EU law by following MLex coverage on EU investigations and policy changes into support offered by EU governments to companies and sectors.

## Tech & Telco

Companies in these sectors face regulatory risk in the areas of privacy, competition, IP, and trade. MLex closely follows changes to regulation impacting Internet platforms, global connectivity, and media rights regulation.

## Trade

With a focus on the major trade centers – EU, U.S., U.K., and their trade relationships with other nations – MLex tracks global trade negotiations, changing trade policies and trade disputes and enforcement – including anti-dumping, anti-subsidy, and safeguard probes.

## What our clients say:

*"MLex has proven to be a critical source of information and insight, allowing my team to identify and navigate legal developments across the globe, so we spend less time on pulling intel and can devote more time to solving complex legal issues."*

GOOGLE

*"At a time when there is an unprecedented amount of antitrust news from the courts and the antitrust agencies, I find MLex to be a great source of timely, accurate and well-presented news."*

WEIL GOTSHAL & MANGES

*"The Insights provide thoughtful analysis and commentary, and the Case Files are incredibly useful for reconstructing the history of cases and policy developments."*

THE EUROPEAN CONSUMER ORGANIZATION

*"There is no doubt that the breadth and depth of information MLex provides has been a key factor for the success of my practice advising clients on EU competition and regulatory law."*
